Ivan & Ivon Charities

By Lilia Dardon

Filantrypico™ is all about Philanthropic living, and Ivan & Ivon™ Charities is our way of making an earnest effort in spreading the love and helping others choose a way of living that seeks to contribute more than withdraw from the world we live in today. Ivan & Ivon™ takes pleasure in providing knowledge, how to information, and connections in getting your feet wet as a philanthropist. A philanthropist can be anyone who desires to help humanity. This could be in the form of feeding the homeless, helping someone cross the street, serving as a missionary in a third-world country, building wells where needed, and providing treated malaria nets to those in mosquito infested villages. There is so much we can do, and the world needs your help!

Ivan & Ivon™ is working to improve living conditions around the world - join in and become a part of something special. Change the world for the better!

Visit our site at: www.ivanandivon.com and see what we're doing now to make the world a better place. You can be part of the solution!

Here's a helpful link for learning how to become a force for good in the world, and training to become a missionary for those needing it most: Visit Perspectives!

Goals & Objectives

By Lilia Dardon

Currently, Ivan & Ivon is working on building wells in Africa. We are in the process of fundraising and applying for grants so that the people in the villages can have clean drinking water.

I was told recently by Grace Akpu from Bountiful Harvest that the village in Afikpo, where she was born, has changed drastically from when we were there in 2000. At that time, we had to use the water from the lake and it was filthy. Now, 13 years later, people are selling clean water from their homes they built from pipes. My question to you is: Is that right? What about the people who can't afford to purchase water? Therefore, wells are still needed for all to have access to safe water. You can be a part of this process by sending your tax deductible gift to Ivan & Ivon Charities, P.O. Box 1517, Discovery Bay, CA 94505 or visit our website. Please give now at our website www.ivanandivon.com

Endorsement:

I have been a strong advocate for Ivan & Ivon Charities for the last two years. The founders have a strong heart to help people of need. I was touched how much their own time and money they have invested to try and make huge differences in people's lives.

I support the mission and the vision of Ivan & Ivon Charities and that is why I joined the organization as a board member.

I admire an organization that wants to do something positive for our society. Ivan & Ivon Charities is definitely that kind of organization. They have passion and a strong desire to make a difference in the lives of people all around the world.

Sincerely,
Shumeye Mamo
Senior Scientist

“Safe” water must address water quality to prevent water-related diseases and also be close enough to the user’s domicile to encourage use of the water source. Sanitation involves both physical infrastructure, such as latrines, and also the use and maintenance of the sanitation facilities. Good hygiene is the practice of cleanliness, such as handwashing, to prevent diseases.

Worldwide, 884 million people lack access to safe drinking water, and 2.5 billion lack basic sanitation. In addition, just not having enough water is a growing problem. The demand for water across the globe is steadily increasing at a rate of 100 percent every 20 years as industrialization, agricultural use, urbanization, and a rising standard of living for the world’s growing population drive consumption higher. This puts entire communities at risk in regard to health, food production, economic opportunities, development, and the lives of their most vulnerable members—children.

By 2025, it is estimated that more than 2.8 billion people in 48 countries will face water stress or scarcity. Safe drinking water, improved sanitation, good hygiene, and good water resource management can lead to a reduction in child mortality, cut transmission of malaria, improve public health, and reduce extreme poverty.

Lilia Dardon, President, Ivan & Ivon with sick child in Afikpo at the chief's house in the village while on short term mission in 2000 with Bountiful Harvest.

GEANCO – Partners

By Lilia Dardon

GEANCO Returns to the Red Carpet on Tuesday, July 9, 2013

This year's *Impact Africa* benefit in Hollywood is going to be even bigger and more star-studded than last summer's inaugural event.

Come to LA's hottest nightspot and rub elbows with Hall of Famers, All-Stars, Oscar winners, and a few surprise A-listers. More details to come. The buzz is already building!

Please support GEANCO and join us on July 9!

We are delighted that GEANCO is currently featured on Ebony.com. It is an honor that the work you generously support has been acknowledged by such a respected media outlet.

Will you help our shared mission by forwarding this story to at least 5 other people?

The article mentions one of our supporters, DreamWorks Animation. We are grateful to the studio for their generous donation of toys from their hit movie series *Madagascar*. We will distribute these gifts to children in Nigeria during our medical mission there this fall.

The future home of Augustine Memorial Hospital in Nigeria that GEANCO is building.

Endorsement from GEANCO

One of my favorite quotes comes from President Theodore Roosevelt, who once said that, "the credit belongs to the one who is actually in the arena." This statement, in praise of those who fight and struggle and fall and rise up again, comes to mind when I think of Lilia Dardon and the Ivan & Ivon Charities.

Lilia has a true heart for Africa. The work of her charity to provide clean water to remote villages on the continent is so very important. It is almost impossible of any community or society to advance without access to clean water. The crisis affects healthcare, education and public safety (as women and girls are often forced to walk long distances over dangerous ground in search of water).

Lilia is not only committed to saving and transforming lives through her own charity, she also personally supports other foundations engaged in similar work, such as my own GEANCO Foundation. For what she does and who she is, Lilia should be admired and generously supported. May God continue to bless her work "in the arena."

-Afam Onyema

Chief Operating Officer
The GEANCO Foundation

ENDORSEMENTS

As a ministry leader, I work with many volunteers who are willing and able to reach out to people in need.

One such volunteer is Lilia Dardon. She is a dedicated woman who has a passion to help people who are disadvantaged in life. I would highly recommend the charity she is involved with namely, Ivan & Ivon. This organization has a vision to bring better health for the people of Nigeria by supplying them with proper wells.

Sincerely,
Rosalie Campbell
Director

Garden Path Ministries Inc.

Quail Valley, CA 92587

I first met Lilia through my local church. I was leading a life group, and she joined. That was February of 2013. Her commitment, encouragement and generosity to me and the class was above and beyond what I ever expected from anyone.

Her efforts to bring safer water to the people of West Africa through Ivan and Ivon Charities are another example of her commitment and passion for something as important as healthy living for all people. Her organization is also gathering Malaria nets for the people of the local villages.

With her hard work and the love that she has for these people, Ivan and Ivon Charity will no doubt bring life to the people so desperately in need.

Victoria Baker, life group leader
Brentwood, Ca.

A Note from the Founder

Dear Supporters:

It is with great pleasure that I share these endorsements in this issue to give you a glimpse into what our organization is all about. Endorsements bring credibility to any charity that is attempting to help the world.

Thank you to those who wrote these endorsements and believe in our mission and vision. Afam Onyema, COO of GEANCO, endorsed Ivan & Ivon because he knows the heart of our mission is to bring safe drinking water to areas in Nigeria that do not have it. Shumeye Mamo, scientist, gave his endorsement as a supporter and board member because he believes in our projects. Rosalie Campbell, Director-GPM Ministries, has seen firsthand my goal of helping others. Victoria Baker, Group Leader, supports our cause to help nations in need because she has come to know me as a person that has a dedication to helping others.

Lilia Dardon, President, Ivan & Ivon Charities

Ivan and Ivon Charities is pleased to announce their current 501(c)(3) status is in the works at the IRS. Our approval notice should arrive within the next 2 weeks. At that time, I&I Charities will partner with Shop.com for an amazing shopping experience that will give back to our charity so that clean drinking water and treated Malaria nets can be implemented. Stay tuned for this kick off shopping experience that supports non-profits with exempt status!

"Life is not easy for any of us. But what of that? We must have perseverance and above all confidence in ourselves. We must believe that we are gifted for something and that this thing must be attained."
